

Our goals

Our school provides for dynamic and highly-motivated students advanced in the English language based on the following principles:

- Full immersion in the English language
- A multi-cultural curriculum
- Preparation for the Brevet International (OIB)
- Intensive lessons and full immersion in the french language for newly arrived foreign students (FLE)

Who can apply?

Native English speakers and French students who have acquired an excellent level in the English language and a solid scholastic average along with a letter of motivation.

International Dimension

- Classes in the English language in history, literature and civilization
- Numerous educational programs beyond the classroom setting:
 - * theatre workshops
 - * school newspaper
 - * Yearbook
 - * school trips
 - * partnership with the French-American Institute and the MIR
 - * partnership with the University of Rennes 2.
 - * cultural field trips
- An eclectic school environment where various ethnic, social and economic groups meet. Students and bilingual teachers, foreign exchange students and teaching assistants meet on a daily basis and communicate in both languages. A highly trained pedagogical team works hand in hand with the students to assure a truly bilingual education.
- Upcoming projects :
School trips abroad so each student - at least once in their curriculum - can be immersed in an authentic English-speaking environment.

Curriculum adapted to each level

An adapted educational program from year 7 to year 10 (British schools)

or 6th to 9th grade (American schools)

8 hours of literature and civilization with reinforced learning in the English language and grammar

2 hours history lessons in English

Starting from year 9/8th grade - the European section

2 hour of literature and civilization in English
